Dear PS 748 Families,

We hope this letter finds you and your family well and hope you are managing the challenging times that we are currently living in. We want to thank you for your patience and understanding as we have been adjusting, like you, to the drastic changes in life during the last few weeks. We are extremely appreciative of our students and parents for your positivity, flexibility, and resilience during these trying times.

Our goal is to provide continuous educational opportunities and practice for students while schools are closed, but also, to eliminate as much stress as feasibly possible to the students and parents. While it is our responsibility to continue to educate our children, we also want to compassionately take into consideration the variety of difficulties that our families are enduring during this time.

Below you will find an updated schedule that grade 5 will follow for the remainder of the school year. In the schedule, you might notice two new programs, RazKids (ELA) and Zearn (Math) that we will be implementing over the next week. Students have already received their Zearn login information and most students have already logged in and completed lessons. We will be providing the children with usernames and passwords for RazKids within the next week and helping all students connect to both programs.

Students must login to Google Classrooms and complete the attendance check in, but going forward all graded assignments will now be due on Fridays to help alleviate some of the stress on our students. However, students can still feel free to submit assignments throughout the week if they are completed. Please note that each Friday will be an enrichment/catch-up day for our students. Our wonderful AIS providers and ESL teachers will continue to support our students each day.

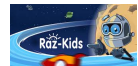

We appreciate your support and if you have any questions, please do not hesitate to contact your child's teacher.

With love and support always,

Ms. Sullivan jsullivan16@schools.nyc.gov
Ms. Main bmain@schools.nyc.gov
