Dear PS 748 Families,

We hope this letter finds you well and that you are managing the challenging times that we are currently living in. We want to thank you for your patience and understanding as we have been adjusting, like you, to the drastic changes in life during the last few weeks. We are extremely appreciative of our students and their families for your positivity, flexibility, and resilience during these trying times.

Our goal is to provide continuous educational opportunities and practice for students while schools are physically closed. We also want to eliminate as much stress as feasibly possible to students and parents. While it is our responsibility to continue to educate our children, we also want to compassionately take into consideration the variety of difficulties that our families are enduring during this time.

Below you will find an updated schedule that all of the grade 4 classes will follow for the next 10 weeks. In the schedule, you will notice two new programs, RazKids (ELA) and Zearn (Math). We will be providing the children with usernames and passwords for these programs at the start of next week.

Also, we would like to make each Friday an enrichment/catch-up day for our students. All assignments will now be due on Fridays to help alleviate some of the stress on our students. However, students can still feel free to submit assignments throughout the week if they are completed. Our wonderful AIS providers and ESL teachers will continue to support our students each day.

If you have any questions, please do not hesitate to contact your child's teacher. We want to ensure the success of all students. We greatly appreciate your support.

With love and support always,
